**Publication Name** FirstSigns03      First Signs Screening Kit  
**Retail** \$65.00

**Shipping Handling Fee** Shipping/Handling: \$4.00 per kit for 1-4 copies \$3.00 per kit for 5 or more.

**Publication Description** The MN First Signs Screening Kit includes: the educational video, "On the Spectrum: Children and Autism" (24 min. CC); wall chart outlining "Key Milestones for Social, Communication and Emotional Development"; five highly validated screening tools for developmental and autism screening, guidelines to assist pediatric practitioners and their staff with the effective and efficient use of the screening procedure; Pediatric Practitioner's Guide for Referring to Early Childhood Intervention in Minnesota and a listing of local contacts. The MN First Signs Project is a statewide educational initiative, developed in collaboration between CFL, MDH, First Signs, Inc., the Autism Society of Minnesota and the U of M. These materials were designed to promote earlier screening and identification of autism and other developmental disabilities in infants and toddlers. (Note: This kit contains material specific to the state of Minnesota. Sale and distribution of this kit is limited to those within Minnesota, per agreement with First Signs, Inc. Others are directed to contact [www.firstsigns.org](http://www.firstsigns.org))
